

Spring Valley Bible Camp is a place of outreach, discipleship, growth and renewal providing safe, positive, uplifting events for people of all ages.

**MISSION**

The purpose and mission of the camp is to bring glory to God by helping people come to know Christ and grow in their relationship with Him.

**DESCRIPTION**

Spring Valley Bible Camp is located in the Mississippi River Valley just north of Muscatine, Iowa and 30 minutes west of Davenport, Iowa.

The camp is host to five weeks of camps, reaching over 300 students each summer representing 42 different churches, along with several rental camps that are held throughout the summer. SVBC is located on a 27-acre property with six cabins that sleep 10 - 12 people. There is a large men's/women's bathhouse and a swimming pool with a men's/women's shower house. Other buildings include a chapel, recreation hall, two staff cabins, and a director's house which also hosts two furnished apartments.

Valley Lodge is a newly constructed multi-million dollar on-site event and retreat center that has a full kitchen, dining and reception areas that accommodate 150 - 200 people, eight 12-person rooms with each room having an individual shower and bathroom, and three 2-person suites each with on-suite full bathrooms. This overlooks a 2-acre stocked pond which provides opportunities for activities such as paddle boats and canoes.

Also on the property are recreational activities such as a basketball court and baseball diamond, as well as a miniature golf course, sand volleyball court, Frisbee golf course, and low ropes challenge course.

At Spring Valley Bible Camp, we want to be a ministry serving others, not just a place where ministry occurs. God is using Spring Valley Bible Camp to impact and change lives. How has Spring Valley impacted your life?

Matthew 19:26 reminds us that "with God all things are possible." God works in hearts and lives when people come to camp and our mission is to ensure opportunities for God's message to be heard by as many possible. To do that, there are some improvements that need to be made and we need your help.

"MISSION POSSIBLE" is the name of our capital improvement campaign. Many have contributed towards Spring Valley Bible Camp in so many ways over the years. Is it possible that you would join this mission to raise money for projects around the camp and also help increase the current level of monthly support?

We are excited to be a part of the possibilities of changing lives. With you, this is

**MISSION POSSIBLE!**

## MISSION POSSIBLE VISION

**Main Hill Bathhouse:** The main hill bathhouse is in need of repairs and is also currently unable to accommodate the need for a year round bathroom. The plan is to remodel the Recreation Building to include a kitchenette with bathrooms and laundry facility. The current bathhouse would then be converted into a storage facility. The estimated cost of this project is \$30,000.

**S.W.A.T. Building:** Running the summer camps would not be possible without the hard work by our S.W.A.T. workers. Their current residential building is in need of upgrade and repairs. Plans would include new bathrooms and improved sleeping areas as well as central air and heat. Not only would this improve conditions for the workers but also allows for the rental of a smaller building for smaller size retreats. The estimated cost of this project is \$35,000.

Future Boys Hill Cabin

Boys' Hill: The boys' hill cabins are in need of repair and our vision includes new cabins that are able to be heated and cooled in order to remain open all year long. This is necessary for two reasons. Currently, female campers that stay at Spring Valley are housed in an air conditioned location. We would like to be able to offer that amenity to the males as well. Also, as the camp continues to move forward, we would like to offer more for people renting the camp. Having additional places for renters to stay, increases the size of groups we are able to host. This remodel also includes new, safer beds. The estimated cost for each cabin is \$20,000.

**Recreation:** A playground would be added in order to meet the needs of our younger campers and appeal to those looking to rent the camp. The estimated cost of this project is \$10,000.

**Landscaping:** Plants and landscaping added around buildings and grounds. The estimated cost of this project is \$5,000.

**Improvements to Director's House:** complete insulation throughout the house; bathroom upgrades and completion; deck expansion. The estimated cost of this project is \$8,000.

## MISSION POSSIBLE SUPPORT

There are multiple ways to get involved in the *Mission Possible* Campaign. Volunteers will be needed to complete some of the tasks and to help keep costs down. Financial support is also needed. If you would like to contribute specifically to this improvement campaign, if you would like to pledge new monthly support towards the camp, or if you would like to increase your current donation, please either contact us or fill out the attached form on the enclosed brochure. Another way to give is to:

- hold your own local fundraiser for a specific project.
- Designate money from a specific offering such as a Bible School offering
- as a church or a youth group adopt-a-cabin and raise the money for a new cabin and each time you come to camp, that is the cabin you will get to stay in.
- Designate money to go to a specific project such as the S.W.A.T. building remodel or the bathroom remodel for the after school program.
